ON-ICE ESSENTIALS

CURLING ETIQUETTE

Small habits. A welcoming club.

Arrive ready

Allow time to get changed. Be ready for your club's scheduled start.

Start with a hello

Introduce yourself and wish everyone "Good curling!"

Know your turn

Follow the delivery order. Be ready when it is your time to play.

Agree, then clear

Wait until the score is agreed and any measure is done before moving rocks.

Make room to learn

Ask questions. Welcome new curlers. Celebrate good shots on both teams.

Keep the ice clean

Wear clean indoor footwear. Brush off soles before stepping onto the ice.

Give players space

Stay still and quiet during delivery, out of the thrower's sightline.

Respect the house

Give skips and vice-skips space to direct play and determine the score.

Own a burned rock

Say so immediately if you touch a moving stone. Ask your skip which rule applies.

Leave it welcoming

Tidy up after the game. Stay for a chat if you can; everyone is welcome.

Learn the game. Love the game.
